How to help ALL your pupils . . .

WRITE BETTER—
LEARN FASTER

CORRELATION IN HANDWRITING

By Frank N. Freeman, Ph.D.*

Bright or slow, right or left-handed—*all* pupils from first through eighth grade write better and learn faster when taught penmanship through *"Correlation in Handwriting."*

Using the Language Arts approach, this tremendously popular handwriting plan starts with simple printing, and progresses naturally and logically to cursive handwriting. Each student proceeds at his natural pace, since the course allows for individual differences, including left-handedness. Yet the brighter student is never penalized, but encouraged to even greater accomplishment.

Educationally and psychologically sound, *"Correlation in Handwriting"* is carefully designed to help you develop *good penmanship, good students, good citizens.*

TEACHING AIDS INCLUDED. *Surprisingly economical, the complete program includes two professional teaching aids to assist you in your work.*

FREE INFORMATION. *Write today for full details, and for complete bibliography of Zaner-Bloser handwriting materials.*

* *Dean Emeritus, School of Education, Univ. of Calif.*

About 1957-58 . . .

This annual report is an official record of the Department's activities during the year 1957-58. In it you will find information about the whole range of DESP activities—the publications you receive as a member, the conferences which are sponsored by the Department, the activities of committees, officers, and staff.

For a resume of the highly successful 1958 Annual Meeting, see p. 11. And for a series of statements of official Department policy on many issues of current importance, read the report of the Resolutions Committee, beginning on p. 16.

In the minutes of the business meeting, p. 12, you will find a series of proposed amendments to the Department's Constitution—amendments of far-reaching significance to the future of the Department. You will find it helpful in preparing to vote on these changes next January if you will read these minutes carefully.

Under the heading of *Cooperative Activities*, p. 31, you will find information about how the Department works with the National Education Association. As a member of a local and/or state elementary school principals association, you will also be interested in the summary of DESP services to these groups.

You'll also find in this report answers to questions such as these: "How are people selected to run for office on the Executive Committee?" "What does the Executive Committee do at its meetings?", "How does the Department spend its money?"

About 1958-59 . . .

Keep informed about the Department's activities during the current year by reading the *News* section of the magazine. In this regular feature, you'll find reports on DESP committees, conferences, publications, and other activities.

FROM
YOUR PRESIDENT

The year 1957-58 has been one of outstanding progress for the Department. Our membership of 17,013 on June 1 was an increase of 1,190 over the preceding year, and nearly a 50 percent gain over a five-year period. Attendance at the Philadelphia Annual Meeting was the largest in the Department's history.

Our publications continue to set a very high professional standard. The project on improving preparation for the principalship has enlisted nation-wide cooperation at state and local levels. Services to state and local associations have been increasingly effective.

We have just cause for pride in our progress toward a great national organization, furnishing leadership for improvement of elementary education. We are definitely on our way. Our progress is due in large measure to the participation of literally thousands of you in Department conferences, annual meetings, and committee activities. Many state and local associations are developing professional programs in cooperation with personnel at secondary and college levels, designed to help principals meet the demands for a balanced program of education for *all* America's children.

At the annual business meeting, your Executive Committee submitted an amendment to our constitution calling for increasing membership dues from $5 to $8 per year. You will vote on this amendment in January. The necessity for this change is obvious. Dues from 17,000 members at $5 each will produce $85,000, approximately 42 percent of budget requirement for next year. Publications, advertisements, annual meetings, etc. must provide the balance. This $3 increase is a step toward a sounder financial base for a program that must continue to expand. We urge you to vote for this amendment.

I am deeply grateful for the opportunity of serving you as President. No greater honor could have come my way than you, my professional colleagues, conferred on me. I deeply appreciate the cooperation and fine spirit of all members of the Executive Committee. They have given selfless, dedicated service to the Department. Our headquarters staff are key people in our organization. Their vision, educational statesmanship and their insight into needs and trends are indispensable. We must give them additional help and pay salaries commensurate with the status of our Department if we are to keep them with us.

We face the future unafraid with a growing sense of our united strength as a national organization and faith in our ability to meet the challenge of better education in the schools of today for a better world tomorrow.

Robert N. Chenault

TO HELP YOU DO THE TEACHING JOB YOU WANT TO DO . . .

SOCIAL STUDIES FILMSTRIP SERIES: These filmstrips are designed for use with any basic study of the lands and peoples of the world. Although contemporary living is stressed, its relation to the historical development of each region is clearly shown. See your Rand McNally Map and Globe Catalog for titles and prices.

RAND McNALLY & COMPANY, BOX 7600, CHICAGO 80, ILLINOIS

FROM
YOUR EXECUTIVE SECRETARY

This Annual Report reflects another year of growth for the Department of Elementary School Principals, NEA. Membership has increased, the Annual Meeting drew a record attendance, and the whole range of activities, from publications to services for state and local associations, has been broadened. Such progress has been possible only through the active support of many people giving their time and thought to carrying out a professional program and stimulating broader membership in professional associations.

Elementary school principals have a far-reaching responsibility in their support of professional organizations. Indeed, such support is part of their professionalization. As educational leaders, they are instrumental in establishing attitudes toward these groups among their school faculties. As individuals, they have much to gain by joining with other elementary school principals in studying common problems and sharing ideas. Professional associations at all geographic levels—local, state, and national—have played a significant role in contributing to the growth of the elementary school principalship in recent decades. They will become increasingly important if they continue to receive the creative support of elementary school principals.

During the coming year, the members of the Department of Elementary School Principals, NEA, will be asked to make a decision vital to the future of the national organization. As recorded on p. 16 of this report, the Executive Committee has recommended an increase in DESP dues from $5 to $8. This recommendation was authorized at the 1958 business meeting for submission to the membership and will be voted upon at the time of the regular balloting for officers in January, 1959.

The reasons for this proposal are apparent in the financial statement on p. 43. During the fiscal year ending May 31, 1958, the Department's expenditures exceeded its income, making it necessary to draw on reserve funds. This situation is one which has been developing over the past several years as prices have risen while the dues remained at the level set in 1948. If the Department is to continue to grow, increased funds are essential. Without them, it will be mandatory to curtail the services to the membership. A more comprehensive statement about this proposed change in the Constitution and Bylaws will appear in THE NATIONAL ELEMENTARY PRINCIPAL during the fall. We hope that every member of the Department will give careful consideration to this question.

Robert W. Eaves

The nation's basic reading program . . .

THE ALICE AND JERRY READERS

FOR GRADES 1 THROUGH 6

The *Alice and Jerry* program is especially geared to meeting individual differences in reading ability. There are separate teaching plans to meet the requirements of *all* groups—superior, average, and immature.

This program offers a systematic presentation of skills from lesson to lesson, featuring a gradual and logical introduction of new words. The study of word meanings, the analysis of words, and the understanding of word usage are all presented with a clear-cut approach that simplifies the teaching and reading.

Child-experience stories are excitingly told to give a deeper meaning to reading, and are accompanied by brilliant full-color illustrations.

Complete Teacher's Guidebooks are provided. All skills are set off with instructional paragraph and marginal headings to help the teacher trace the growth and maintenance of skills from grade to grade.

Many important teaching aids are included with this program, such as: A Picture Dictionary; Comprehensive Workbooks; Vocabulary Workbooks for immature groups; Picture Cards; Rebus, Word, Phrase, and Sentence Cards; Integrated Textfilms; Readiness and Achievement Tests.

Annual Meeting

The annual meetings of the Department provide an opportunity for elementary school principals and other educational personnel from diverse areas to share ideas and pool knowledge. Since 1922, the Department has held some type of national meeting each year. For many years, these conferences were held in conjunction with the conventions of either the National Education Association or the American Association of School Administrators, NEA. The 1955 Annual Meeting in Chicago was the first to be held independently of these groups.

1958 Annual Meeting

The 1958 Annual Meeting, held in Philadelphia, Pennsylvania, March 23-26, drew a record attendance of approximately 3,500 persons. These are the highlights of the program.

Theme: "Today's Education for Tomorrow's Citizens."

General sessions: The keynoter for the 1958 meeting was Gerald Wendt, President of the UNESCO Publications Center, who discussed "The Increasing Pace of Social Change." Succeeding general sessions featured Finis E. Engleman, Executive Secretary of the American Association of School Administrators; Anne Hoppock from the New Jersey State Department of Education; and a panel, discussing "Elementary Education in Perspective," composed of William H. Kilpatrick, George C. Kyte, and Laura Zirbes. At the dinner meeting closing the conference, The Honorable Hubert H. Humphrey, United States Senator from Minnesota, discussed trends in foreign affairs.

Small assemblies: Eight small assemblies, held simultaneously, were an important part of the conference program. Each dealt with an area of special current-day interest and was repeated to provide participants an opportunity to attend two of them.

Discussion groups: Small groups of about ten persons each were set up to discuss twenty-two topics related to the theme. Discussion topics dealt with several major areas of the curriculum and aspects of administration and supervision.

Information centers: An innovation at the 1958 conference was a group of information centers dealing with specific problems in elementary education and administration. Each center had available resource material and was manned by persons with particular competence in the area.

Special features: One of the major events of the conference was the presentation of *May We Remember,* a two-act play written especially for production at the Annual Meeting. *May We Remember* explores many of the current challenges confronting American educa-

tion and points out the basic values which should be remembered in building the school programs of the future.

The display of commercial exhibits—featuring the latest in educational materials and equipment—was the largest the Department has had at one of its annual meetings.

Business Meeting

The Department holds a regular business meeting each year in conjunction with the Annual Meeting. At this time, the activities of the year are reviewed and important items of business are introduced and acted upon.

The 1958 business meeting was held March 26 in Philadelphia, Pennsylvania. President Robert N. Chenault of Nashville, Tennessee, presided over the meeting and Washington I. Cleveland, Washington, D. C., served as the parliamentarian.

As the first order of business, it was moved that the reading of the minutes of the previous business meeting be omitted. Moved by W. J. Castine, Columbia, South Carolina, and seconded by Clifford Lawrence, Sussex, New Jersey, and Mathilda A. Gilles, Salem, Oregon. *Motion carried.*

Several reports were then presented. In each case, the substance of the report is included elsewhere in this publication under the appropriate topical heading. Reports were given as follows:

By the Chairman of the Election Committee, H. Richard Adams, Charles Town, West Virginia, on the results of the 1957-58 election of Department officers. (See p. 39).

By the Executive Secretary, Robert W. Eaves, on Department activities during the membership year 1957-58. He particularly discussed the financial position of the Department, pointing out the long-term trends since 1949. (See p. 9).

By the Assistant Executive Secretary and Editor, Dorothy Neubauer, on the publications program during the past year and plans for 1958-59. (See p. 26).

President Chenault read Article IX of the Department's Constitution and Bylaws governing amendment procedures:

The Constitution and Bylaws may be amended as follows:

Section 1. An amendment may be proposed in writing by a member of the Department to the Executive Committee, who shall submit it at the next Annual Meeting.

Section 2. The proposed amendment may be authorized for publication by the Department by majority vote at the annual meeting, and such an amendment shall be mailed to all active members with the election ballot.

Section 3. Adoption of a proposed amendment shall be by two-thirds vote of the active members voting on the amendment submitted by ballot.

President Chenault then introduced Amber Wilson, member-at-large of the Executive Committee, who presented the recommendations of the Executive Committee for amendment of the Constitution and Bylaws. These proposals were acted upon individually as follows. (Amended portions are italicized.)

CONSTITUTION

Article III. Membership

Present: Section 1. Membership in the Department of Elementary School Principals shall be: active members (including life members) and associate members.

Proposed: Section 1. Membership in the Department of Elementary School Principals shall be: active members (including life members), associate members, *and institutional members.*

A motion was made that this proposed change be authorized for publication and submission to the membership. Moved by Amber Wilson, Los Angeles, California, and seconded by Clarence Elliott, East Hartford, Connecticut. *Motion carried.*

Present: Section 4. Life membership is reserved for those active members of the Department who shall pay a life membership fee of one hundred dollars ($100). Life members shall have all rights and privileges of active members.

Proposed: (Note that proposed Section 4 deals with a new subject.) Section 4. *Institutional membership is reserved for any Department membership not in the name of an individual. The institutional membership fee shall be the same as the active membership, and the institution is entitled to all privileges of the Department except the right to vote and hold office.*

A motion was made that this proposed change be authorized for publication and submission to the membership. Moved by Amber Wilson, Los Angeles, California, and seconded by Bernard Watson, San Jose, California. *Motion carried.*

Proposed: (Note that proposed Section 5 is a modification of present Section 4.) Section 5. Life membership is reserved for those active members of the Department who shall pay *the prescribed life membership fee.* Life members shall have all rights and privileges of active members.

A motion was made that this proposed change be authorized for publication and submission to the membership. Moved by Amber Wilson, Los Angeles, California, and seconded by Lenno Johnston, Derby, Kansas. *Motion carried.*

TRY-REX
SCHOOL PENCILS

Three round and three flat panels for greater comfort and better control.

This entirely new idea enables your students to write more legibly and with much greater comfort. TRY-REX is an exclusive RICHARD BEST feature, a scientific approach to the control of a pencil. Remarkable results have been reported by teachers, both with beginners and in other grades. A test will prove that TRY-REX means better writing and less tired finger muscles.

Write to Dept. P for free pencil guide and sample.

Article IV. Election and Article V. Duties of Officers

Proposed: It is proposed that the order of Articles IV and V be reversed. The sequence of articles would then be: Article IV. Duties of Officers; Article V. Election.

A motion was made that this change be authorized for publication and submission to the membership. Moved by Amber Wilson, Los Angeles, California, and seconded by R. V. Hill, Birmingham, Alabama. *Motion carried.*

Article V. Duties of Officers

Present: Section 4. The Executive Committee shall be the administrative body of the Department, subject to the call of the president, except as otherwise provided for in the Constitution. To supplement and assist the president in the conduct of his office, the Executive Committee shall, by a majority vote of all its members, fill all vacancies, except that of the president and president-elect.

Proposed: Section 4. The Executive Committee shall be the *governing* body of the Department, subject to the call of the president, except as otherwise provided for in the Constitution. To supplement and assist the president in the conduct of his office, the Executive Committee shall, by a majority vote of all its members, fill all vacancies, except that of the president and president-elect.

A motion was made that this proposed change be authorized for publication and submission to the membership. Moved by Amber Wilson, Los Angeles, California, and seconded by Scott Bothwell, Oscoda, Michigan. *Motion carried.*

Article VI. Meetings

Present: Section 1. The Department shall hold an annual meeting at such time and place as shall be determined by the Executive Committee; providing, however, that during a national emergency disrupting the usual mode of travel the Executive Committee may postpone the annual meeting until such time as transportation is available.

Proposed: Section 1. The Department shall hold an annual meeting at such time and place as shall be determined by the Executive Committee; providing, however, that during a national emergency disrupting the usual mode of travel the Executive Committee may postpone the annual meeting until such time as transportation is available. *At the annual meeting, one session shall be set aside for a business meeting.*

A motion was made that this proposed change be authorized for publication and submission to the membership. Moved by Amber Wilson, Los Angeles, California, and seconded by M. L. Barnes, Salisbury, North Carolina. *Motion carried.*

BYLAWS

Article II. State Representation

Present: There shall be one representative from each state to serve as a liaison person between the national Department, the elementary school principals, and other interested persons in the state. The representative, elected or appointed by the state association and approved by the Executive Committee of the national Department, shall serve a three-year term. In states where there is no election or appointment by a state association, the Executive Committee of the national Department may appoint a state representative to serve for a three-year term or until such time as an election is held or an appointment is made by the state association.

Proposed: There shall be one representative from each state *association of elementary school principals* to serve as a liaison person between the national Department, the elementary school principals, and other interested persons in the state. *This person must be a member of his own state association of elementary school principals and of the national Department.* The representative, elected or appointed by the state association and approved by the Executive Committee of the national Department, shall serve for a three-year term. The unexpired term of a state representative shall be filled in the same manner.

A motion was made that this proposed change be authorized for publication and submission to the membership. Moved by Amber Wilson, Los Angeles, California, and seconded by J. L. Nixon, Richmond, Virginia. *Motion carried.*

Article IV. Dues

Present: Section 1. The annual fee for membership shall be five dollars ($5).

Proposed: Section 1. The annual fee for membership shall be *eight* dollars *($8).*

A motion was made that this proposed change be authorized for publication and submission to the membership. Moved by Amber Wilson, Los Angeles, California, and seconded by George Schwarzmann, Baltimore, Maryland, and Alice Jeffords, Portsmouth, New Hampshire. *Motion carried.*

Present: Section 3. The life membership fee shall be one hundred dollars ($100). Payment of this fee may be made in full or in deferred payments of ten dollars ($10) or twenty dollars ($20) per year. The certificate and emblem of life membership in the Department shall be issued on completion of payment of the full fee.

Proposed: Section 3. The life membership fee shall be *one hundred sixty dollars ($160).* Payment of this fee may be made in full or in deferred payments of ten dollars ($10) or twenty dollars ($20) per year.

The certificate and emblem of life membership in the Department shall be issued on completion of payment of the full fee.

A motion was made that this proposed change be authorized for publication and submission to the membership. Moved by Amber Wilson, Los Angeles, California, and seconded by Charlotte Patterson, Hackensack, New Jersey, and Edgar B. Fielder, Derby, Kansas. *Motion carried.*

A discussion followed about the time at which the life membership certificate and emblem are issued and the possibility of providing some kind of recognition for life members prior to the completion of their payments. A motion was offered that the Executive Committee of the Department study the question of when the life membership certificate and emblem should be distributed and report back to the next annual business meeting. Moved by M. Francis Coulson, Biglerville, Pennsylvania, and seconded by E. Temple Sheldon, Topeka, Kansas. *Motion carried.*

The business pertaining to the proposed amendments to the Constitution and Bylaws being completed, President Chenault introduced the Chairman of the Resolutions Committee, Paul Van Ness, Newark, New Jersey, who presented the report of the Committee. (See below).

A discussion followed on the resolution pertaining to integration, originally adopted at the 1956 business meeting and appended to the report of the 1958 Resolutions Committee. A motion was made that this resolution be read. Moved by Loretta Doerr, New Orleans, Louisiana. *Motion lost.*

A motion was made that the report of the Resolutions Committee be adopted. Moved by Paul Van Ness, Newark, New Jersey, and seconded by Lawrence Smith, Coatesville, Pennsylvania. *Motion carried.*

There being no further business, the President adjourned the meeting.

Resolutions

The report of the Resolutions Committee, adopted at the 1958 annual business meeting, appears below.

Our Public School System: The Department of Elementary School Principals, NEA, reaffirms its faith in the American public school system. Unparallelled in history, this vast system of free public schools available to all the people has continued to produce citizens whose skill and genius have brought world leadership to our nation. Based upon the concept of the sanctity of the individual and his right to optimum personal development, yet cognizant of the need for group

Bienvenido Amigos! *Welcome Friends!*

Bienvenido was the byword here in the days of the Spanish dons, when the doors of gracious haciendas were ever open to the wayfarer . . . and today that greeting is just as sincere. Welcome to Los Angeles for the Annual Meeting of the Department of Elementary School Principals, NEA, February 28—March 4, 1959.

Less than a century ago, a sleepy village . . . today, modern Los Angeles is a city bulging with muscle, always looking ahead. Convention visitors are never at a loss for something to do. Glamorous Hollywood, Olvera Street, Marineland, Disneyland, Griffith Observatory, Huntington Library and Art Gallery are but a few of the world-famous points of interest.

All this and a delightful climate, too! Early March weather is mild—temperatures ranging from 50 to 67 degrees—with some possibility of rain.

Plan now to come to Los Angeles for the convention of a lifetime!

living and action, this school system has adapted its program to meet the needs and demands placed upon it by the people it serves. Its changes have been evolutionary, resulting both from changes in our society and from the growing body of knowledge as to the learning process and the factors of human growth and development. While recognizing our responsibility as educational leaders constantly to re-examine and revise our philosophy and practices, we will stand firmly against pressures to change in directions that are not consonant with these basic principles. We have faith that the same evolutionary process that has served us in the past will, better than any alternative, meet the needs of present and future years.

Informed Control of Schools: The Department of Elementary School Principals, NEA, recognizes the fact that control of the schools rests largely in the hands of the people of the local community and state. We feel it highly desirable that this shall continue to be the case. However, if the evolutionary development of these schools is to be wise and constructive, those who are making decisions must have adequate knowledge of current educational problems and practices on which to base their decisions.

Cooperation with all segments of the public to achieve this end is one of the most important responsibilities of the elementary school principal. This implies a continuous program to facilitate interchange between the profession and the public. It will include, among other activities, reporting to the public, cooperation with board of education members, lay groups, and other segments of the community in studies and planning, and, most important of all, making every effort to see that pupils and staff feel themselves an integral part of this program.

Importance of Principalship: At its best, the program and services of an individual elementary school grow specifically out of the needs of the immediate community it serves. The development of such program and services will be proportional to the quality and availability of professional leadership in this community.

Therefore, the Department of Elementary School Principals, NEA, urges all communities to move as rapidly as possible toward providing a competent professionally trained principal who devotes full time to leadership of each individual school. Equally, the community should as soon as possible provide adequate clerical and other services to the end that the principal will be free to devote his energies to the leadership function.

Professional Salaries: The Department of Elementary School Principals, NEA, is gratified with the progress being made in establishing standards of professional competence among elementary school princi-

pals. To maintain this progress toward high professional competence, professional salary schedules must be developed. We believe that in the development of these schedules there should be a percentage differential between teachers' salaries and principals' salaries, sufficient to compensate for the difference in responsibility and leadership required by these two positions. We believe that all revisions of such schedules should tend to increase this percentage differential in those communities where it is presently inadequate. We do not approve the use of grade level of a school as a factor for determining salary differentials between principalships. We do not approve the practice of extending the principal's year of service beyond the regular school year without providing commensurate pay.

Education in an Interdependent World: In an increasingly interdependent world, the Department of Elementary School Principals, NEA, recognizes the need for an awareness on the part of elementary school principals, teachers, and children of their need for more realistic knowledge about the people of other countries. Elementary school principals and teachers are urged to examine present curriculum content and practices and to consider ways of utilizing resource people and materials more effectively in the development of this knowledge.

Further, the Department of Elementary School Principals, NEA, recommends that principals and teachers examine the nature of their obligation and role in contributing to education throughout the world and the need to seek avenues through which they may utilize the contributions of other countries.

Federal Responsibility for Education: The American public has come to a fresh awareness of the dependence of this nation upon its educational system. The world situation has pointed up an immediate and long-term need for more qualified people in the field of science. This need must be met by drawing upon youth enrolled in our schools. The Department of Elementary School Principals, NEA, believes the federal government should take appropriate steps to assure that able young men and women are not denied the opportunity for higher education in fields of study of their own choosing for lack of funds to meet the cost of such education.

But the more fundamental and the long-range need is in the elementary and secondary schools. The public is demanding a realization of the American ideal of equal educational opportunity for all. However, real quality education is a hollow mockery for the hundreds of thousands of American children who must go to school part time, or to inadequate buildings, or be taught by persons not qualified for the job. Money alone will not produce quality education, but it will go

far to remove the major barriers to its attainment—the shortages of teachers and classrooms.

The Department of Elementary School Principals, NEA, believes that the federal government should provide a "massive infusion of Federal funds," in the words of the Educational Policies Commission, which can be used by the states and localities to increase teachers' salaries or build classrooms as seems necessary in the discretion of the states. For this reason, the DESP specifically endorses S3311-HR 10763, the Murray-Metcalf bill, pending in the 85th Congress. The Department of Elementary School Principals respectfully requests Congress to give serious consideration to this bill, lest in its concern over emergency aspects of educational need it neglect to shore up the very foundation of our educational system—the public elementary and secondary schools.

Rural Library Service: The rural library services program for which federal funds have been provided since 1956 is of incalculable benefit to thousands of elementary school children who would otherwise be denied access to books, pictures, films and records because of the geographic location. The Department of Elementary School Principals, NEA, notes with regret the recommendation of President Eisenhower in his 1959 budget for reduction of the library service program. It urges Congress to appropriate funds in the amount necessary to carry out the original intention of the act.

Tax Equity for Teachers: For many years, school systems have been developing personnel policies which encourage, and often require, classroom teachers and administrators to engage in professional development activities designed to maintain and improve their professional competence. Many of these activities entail expense for professional texts, travel, housing and other items. The United States Internal Revenue Service has ruled that teachers may deduct from federal income taxes the cost of summer school expenses, but only when attendance is necessary to renew a standard certificate or is made a condition of continued employment. The Department of Elementary School Principals, NEA, considers this ruling to be unnecessarily restrictive. The expense of maintaining and upgrading professional competence is a legitimate business expense, comparable to expenses incurred by practitioners of other professions, and we respectfully urge the Congress of the United States to enact legislation along the lines of the King-Jenkins bill (HR 4662) so that federal income tax laws will facilitate rather than impede the professional growth of teachers and administrators.

Transfer of Pupil Records: Because of the mobility of the school population of our nation, the problem of transfer of adequate records

Chicago Philadelphia Atlanta Dallas Toronto

for pupils moving from one district to another is a major one deserving of careful study. Until such study results in specific recommendations applicable to all situations, the Department of Elementary School Principals, NEA, encourages the practice of transmitting the pupil records requested by the receiving school when students transfer from one district to another. The scope of the material included in the records should be at the discretion of the school principal. The Department of Elementary School Principals, NEA, also recognizes the need for maintaining student records on file for referral and future use when necessary.

Appreciations: The members of the Department of Elementary School Principals, NEA, recognize their deep indebtedness to all those who have made possible the expanding program of the Department and this outstanding convention. Through its leadership, its extension of professional services, and its constant cooperation, the National Education Association deserves our most sincere thanks.

We are also most appreciative of the leadership and tireless effort given to all phases of our program by the Department officers, our Executive Secretary, and his staff. Equally we appreciate the highly effective work being done by state representatives and by state and local elementary school principals associations.

The Department is indebted to the Philadelphia Public Schools, the Pennsylvania State Department of Education, the Philadelphia Principals Association, the Philadelphia Suburban Elementary School Principals Association, the Elementary School Principals Section of the Pennsylvania State Education Association, and the Pennsylvania State Education Association for their many contributions to the 1958 Annual Meeting. Special mention should also be made of the contribution of Allan E. Sloane in writing the script of *May We Remember* and all those who helped plan and present this outstanding play. The Department also wishes to express its appreciation to those who helped make this conference possible through their activities as members of conference and local arrangements committees and all others who performed leadership functions. The program was also enriched by the contribution of several visitors from other countries.

THOMAS H. MCFARLIN

The Resolutions Committee reached the conclusion that, on certain subjects of continuing interest, it could not draft better resolu-

tions than the statements officially adopted at previous conventions. For the information of the membership, these are attached to this report.

Integration (Membership Directory and Annual Report—1956 and 1957): The recent court decision, which removes legal restrictions to the achievement by the American people of greater equality of opportunity for all racial groups, is recognized by the Department of Elementary School Principals, NEA, as a step taken in accord with American constitutional processes and consistent with progress already made in this area. It further recognizes, however, that the actual changes in attitudes, understanding, and conditions, which are basic to progress in this sphere, are not matters of legislation alone; they result, in part, from changes in social and economic conditions and from continuing study and education concerning the broad problems of human relationships. We, therefore, recommend that educators, working with their fellow citizens in the states and in local communities, direct their best efforts toward the development of intercultural understanding, with the objective of increasing human dignity, opportunity, and happiness for all American citizens.

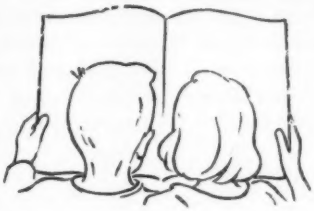
Professional Preparation (Membership Directory and Annual Report—1957): Today's elementary school principal needs truly professional preparation for effective administration of a skilled professional staff, an expensive plant and equipment, a flexible, effective learning program, a well-conceived program of school-community relationships, and for skillful and creative leadership.

The Department of Elementary School Principals, NEA, has been stimulating state and local efforts toward this objective thru its professional standards program. We urge continued widespread and intensive effort on the part of state and local professional associations of administrators, state education departments, and graduate professional schools of education, directed toward the development of higher standards of certification, selection, internship or other field experiences, and teaching experience in the elementary school.

We believe that minimum preparation for the principalship requires one year of graduate study, and recent surveys reveal the desirability of two or more years of graduate preparation.

Attend the 1959 Annual Meeting! The Department of Elementary School Principals cordially invites you to be in Los Angeles, California, February 28—March 4, 1959, for the national convention. Write DESP headquarters for information.

THE GINN BASIC READERS



used and enjoyed in thousands of schools across the country

This highly successful reading program for grades 1-8 offers: stories of high literary quality, an effective poetry program, sound readiness at every level, a meaningful program of evaluation, and the best possible teaching aids. The Primary Program has been recently revised.

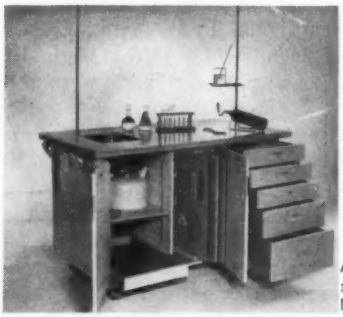
NEW! Science Kit Lab

Developed by Science Kit with collaboration of educators from all sections of the country, this self-contained, movable science lab unit is designed for elementary and junior high school.



★ ample drawer and shelf storage for all required material and apparatus.

★ two pegboard and one cork panel for display purposes and storage.

★ stainless steel sink; regular lab table apparatus supports; electrical connection with cord and fixtures.

★ ball-bearing, rubber-tired casters with individual brakes; bar handle for easy movement.

★ beautiful, sturdily built solid maple cabinet; chemically resistant green top for long wear and attractive appearance.

$279.00, freight not included

All required apparatus, specifically designed for storage in the Science Kit Lab, is available at low cost, if desired.

SCIENCE KIT, INC. Box 69 Tonawanda, N. Y.

Publications

As a major part of its professional program, the Department issues a variety of professional literature keyed to the interests of elementary school principals. The regular Department publications include five issues of the magazine, a yearbook, and the *Membership Directory and Annual Report.* Additional materials are issued in relationship to the needs of the profession and the resources of the Department.

The National Elementary Principal

Magazine: The five issues of the magazine are usually planned around a central theme. During 1957-58, the emphasis was placed upon the principal and the curriculum—a continuation of the broad theme of instructional leadership which has been developed in the magazine during the past few years. Specific issues of the magazine for the year focused on techniques for curriculum improvement, on the nature of communication—both as the means to education and as an influence on the curriculum, and on the role and substance of the subject-matter areas of science and social studies.

In addition to the theme articles included in each issue, many features and "extra" articles were part of the year's program. These included illustrated reports on education in Latin America—Bolivia, Guatemala, Panama, and Paraguay, a survey of newsletter values and techniques, and factual reports on elementary school principals' salaries, teacher supply, and the NEA's legislative program. The May issue also included considerable material from the 1958 Annual Meeting. The regular news and book review sections served to help keep members informed of important developments in the profession.

An important supplement to the magazine program was the publication of a topical index to all articles in THE NATIONAL ELEMENTARY PRINCIPAL from October 1952 through May 1957. Originally included as part of the October issue, reprints of the Index were also made available.

Yearbook: The 36th Yearbook, issued in September, was *Parents and the Schools.* It focused on varied types of parent participation in the school program, including articles presenting examples of current practice and principles of appropriate lay involvement. Among the subjects discussed were cultural influences on school-community relationships, advisory committees, teacher-parent conferences, and techniques of interpreting the school program.

All Department members were sent an outline of the Yearbook some months in advance and invited to submit manuscripts for publication. From these, the Yearbook Committee and the NEA Research

Division, which assumed primary responsibility for planning and editing, selected the Yearbook content. The multiple authorship of *Parents and the Schools* made it rich in practical suggestions.

Membership Directory and Annual Report: The 1957 issue of the *Membership Directory and Annual Report* contained a record number of members and a complete report of DESP activities during the year 1956-57.

Other Publications

As part of the 1958 Annual Meeting (p. 11), the Department sponsored the production of a two-act play, *May We Remember.* Copies of the script were then printed and made available for general distribution. *May We Remember* focuses sharply on current concerns —the implications for education of the launching of *sputnik,* the nature of Soviet education, the "back to the fundamentals" movement. It also points out those basic values essential to a solid approach to the educational demands of the times. Since the play is geared to rather simple production with a minimum of props, costumes, and the like, it lends itself to presentation in many communities by school or civic groups.

The Department also publishes a number of informal materials. A monthly newsletter reporting national news is sent to leaders of state elementary school principals associations, and another newsletter, *Leads for Locals,* is distributed to the presidents of local organizations.

Editorial Advisory Board

The Editorial Advisory Board works with the headquarters staff in planning the yearly program for THE NATIONAL ELEMENTARY PRINCIPAL. The Board met in Washington early in the fall. At that time, plans were made for the balance of the 1957-58 publication year and a tentative program was developed for 1958-59.

Members of the Editorial Advisory Board also assisted the staff during the year by correspondence and by providing, in several cases, material for publication.

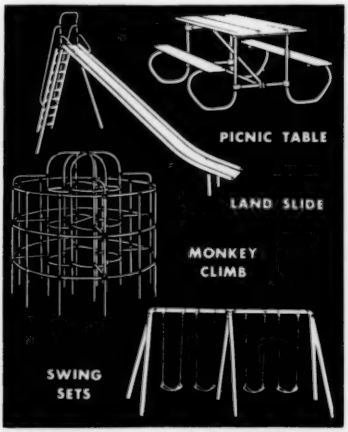
Yearbook Committee

The Yearbook Committee met in Washington immediately prior to the Department's 1958 Annual Meeting. Plans for the 1958 Yearbook, *The Elementary School Principalship: A Research Study,* were discussed at this meeting. As outlined on p. 33, certain changes will be made in the structure of the Yearbook Committee for 1958-59. At this time, the DESP staff, rather than the NEA Research Division, will assume responsibility for planning and editing the Yearbook.

PLAY SAFE WITH

THE RECREATION LINE

Economy, safety, and durability are the mainstays of the Recreation line of playground equipment. Get the line that insures *maximum strength and durability* by the use of certified malleable castings and fittings . . . while assuring *maximum economy* by hot galvanizing of exposed metal parts and use of cadmium plated bolts. Get RECREATION and be sure!



PICNIC TABLES that can "take it!" Top grade Douglas Fir planking is finished with top quality green enamel.

THE LAND SLIDE will withstand hard play for years because of its heavy-duty chute, structural steel supports, guard rails and ladders.

SWING SETS feature oilless bearings, flexible rubber seat belts for safety, and safely-adequate swing separation.

THE MONKEY CLIMB is designed to accommodate 25 children safely. Hot galvanized pipe has smoothed edges and will fit the smallest grip.

Cooperation for Competence

In Atlantic City, 1954, the Department of Elementary School Principals, NEA, initiated a structured program to study systematically the selection and preparation of the elementary school principal. Under the over-all coordination of the Committee on Preparation for the Principalship, six regional conferences were sponsored some time later. Conferences were held in Nashville, Spokane, Oklahoma City, and Boston during 1956 and in Indianapolis, Philadelphia, and Minneapolis during 1957.

The Preparation Committee met in Washington in September 1957 to evaluate the results of the regional conferences and to determine the course of action needed to implement the suggestions and findings of the conference participants.

A Comprehensive Project

Very early it became evident that the "preparation project" had a much broader scope than the name implied. The project, almost from the beginning, had concerned itself with all facets of the principalship. Selection, pre-service training, in-service projects, on-the-job performance, participation in professional organizations, and certification were all included in the study. Actually the project concerned itself with principals cooperating with professors of education, superintendents of schools, and others to develop greater competence in the elementary school principalship.

Specific Action

Inasmuch as the Committee was dealing with the total scope of the principalship, its challenge was to set a course of action which would carry the program forward on a variety of fronts. As a result, several specific lines of activity were proposed and implementation was immediately begun. Some of the activities include:

- An inventory of preparation projects at the state level. A questionnaire sent to state leaders brought a response from elementary school principals associations in 38 states and Hawaii, indicating that many professional organizations are studying various aspects of the principalship. Every type of study, from curricular problems to child development considerations to certification, is under way in one state or another. Copies of the complete report on state activities are available from the national office. In addition, it was determined that 22 summer workshops were sponsored jointly by state elementary school principals associations and collegiate institutions during 1958. In all instances, these workshops

concerned themselves with improvement of the elementary school principalship.

- Compilation under separate cover of the certification standards for the elementary school principalship in the 48 states. This report indicates considerable progress in the number of states which now have established some basic standards for the principalship. In many cases, the standards for becoming a principal are still very low, but a start has been made.
- Preparation of a handbook for the beginning principal. Still in preliminary form, this handbook will be utilized on a limited scale to evaluate its usefulness.

The Future

One of the major avenues of future activity in this area will be the Department's 1959 Annual Meeting in Los Angeles, California, which will concern itself directly with cooperation for competence. In addition, on-going research, publication of successful experiments, and cooperation with all levels of administration and college personnel will be instrumental in keeping "cooperation for competence" moving ahead on all fronts.

Cooperative Activities

One of the ways in which the Department serves its members is through cooperation with other organizations interested in the profession and in the total framework of American education.

With the NEA

The DESP is one of thirty departments of the National Education Association. As such, it is an integral part of the parent organization, although functioning with a considerable degree of autonomy. The Department elects its own officers, is governed under its own constitution and bylaws, enrolls its own members, controls its own income and expenditures, and plans and executes its own program. At the same time, the Department works closely with the NEA. The Executive Secretary serves on a number of NEA staff committees and the Department cooperates with the NEA in carrying out all its activities and supports NEA policy in a wide range of matters. In this way, the Department works cooperatively for the whole profession while placing primary emphasis on serving the nation's elementary school principals.

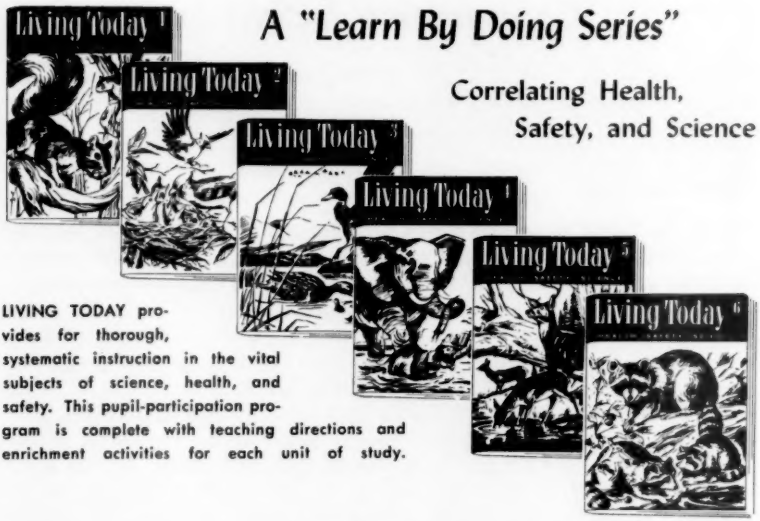
With Local and State Principals Associations

The national Department and state and local elementary school principals associations work together closely. Through such cooperation, the professional association movement at all geographic levels gains strength.

During 1957-58, the Department provided a number of services for local and state associations. These included: publication of a monthly newsletter for state presidents and representatives and newsletter editors; distribution of information packets to state presidents; publication of *Leads for Locals* for leaders of local elementary school principals associations; publication of significant state and local news in the magazine; and sponsorship of several one-day meetings and receptions for state and local leaders.

With Other Groups

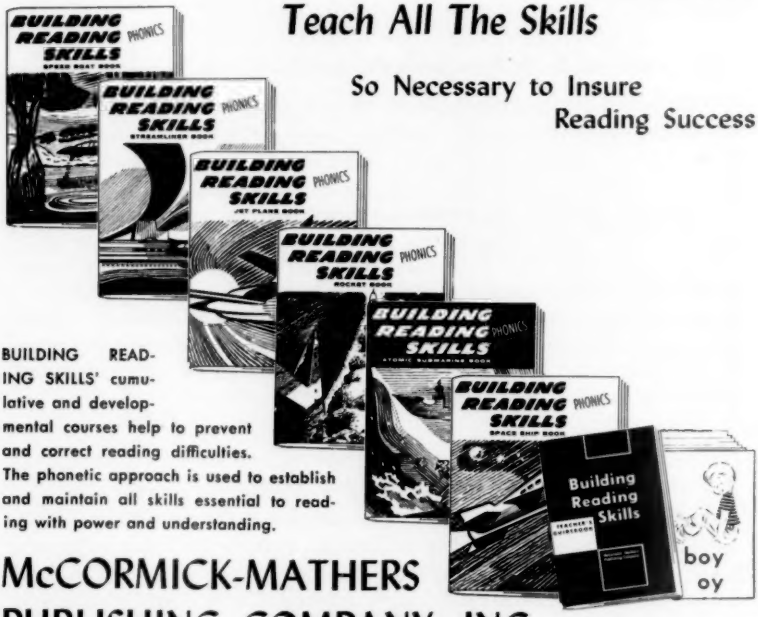
The Department participates in a number of conferences and committee activities sponsored by various national organizations—both within and outside the field of education. During 1957-58 the Department worked with many such groups, including the American Red Cross, the Better Light Better Sight Bureau, Council on Cooperation in Teacher Education, National Foundation for Infantile Paralysis, and the National Conference for Cooperation in Health Education.



A "Learn By Doing Series"

Correlating Health, Safety, and Science

LIVING TODAY provides for thorough, systematic instruction in the vital subjects of science, health, and safety. This pupil-participation program is complete with teaching directions and enrichment activities for each unit of study.



Teach All The Skills

Executive Committee

The Executive Committee is the Department's governing body, responsible for over-all direction of Department activities. It is composed of nine members—the president, president-elect, vice-president, and six members-at-large. Officers of the Department are nominated and elected as outlined on p. 39, in accordance with the provisions of the Department's Constitution and Bylaws. The members of the Executive Committee for the year 1957-58 are listed on p. 1.

Minutes

The Executive Committee held two meetings during 1957-58. The first of these was November 2-7, 1957, in Washington, D. C., and the second was March 21, 1958, in Philadelphia, Pennsylvania, just prior to the Annual Meeting. Major action taken at these meetings is summarized here. The detailed official minutes are on file in the headquarters office.

Meetings: That the 1960 Annual Meeting of the Department be held in St. Louis, Missouri, March 27-30, and that the 1961 Annual Meeting be held in Atlantic City, New Jersey, March 18-22.

That the 1959 Annual Meeting, Los Angeles, California, be developed around the topic of professionalizing the principalship, supporting the Department's cooperation for competence project.

That the Department plan a one-day meeting during the NEA's 1958 Convention in Cleveland. This meeting, scheduled for Department Day, should include a morning general session followed by a luncheon.

Yearbook: That the present Yearbook Committee become the Yearbook Advisory Committee with a membership of six persons, each person to serve a three-year period, and two persons to be replaced each year. It was further agreed that it would be advisable to include on the Committee persons other than elementary school principals—college professors, representatives from state departments of education, elementary school supervisors, etc.—but that their number should be limited to not more than two. From time to time, it might also be appropriate to invite persons with a particular competence to serve as consultants to the Committee.

That the staff select a topic for the 1959 Yearbook, subject to approval of the Executive Committee. (Note: It was decided by correspondence that the Yearbook should deal with early childhood education. Later, at the time of the Philadelphia meeting, it was decided that this area should be treated in a later Yearbook

and that the 1959 Yearbook be concerned with school buildings and equipment.)

Preparation for the Principalship: That the report and recommendations of the Committee on Preparation for the Principalship be accepted and that the Department continue to promote a more effective program for the preparation of elementary school principals.

That the terms of present members of the Committee on Preparation for the Principalship be extended to terminate December 31, 1958. It was further decided that if the Department wishes to continue such a committee after that date, a plan should be worked out at that time for rotating membership on the committee.

That the Executive Committee express its thanks to the members of the Committee on Preparation for the Principalship for their excellent work on this project.

Nominating Committee: That the following persons be invited to serve as members of the 1958 Nominating Committee: Frances Nungester, Decatur, Alabama; Norman Clayton, Village of Maple Bluff, Wisconsin; G. V. Erickson, Helena, Montana; Frances Haas, Washington, D. C.; and Ira Hunt, Topeka, Kansas. As alternates, the Committee named Felix Prezbeski, Albuquerque, New Mexico, and Lucille Rosenow, Minneapolis, Minnesota.

Planning Committee: That the Executive Committee express its appreciation to the members of the Planning Committee for their service to the Department.

State Representatives: That the Department hold an orientation meeting in the fall of 1958 at its expense for newly appointed state representatives. It was understood that both new representatives and those elected for a second term would be invited to attend this program. The Executive Committee expressed the opinion that substitutes would not be accepted for state representatives unable to attend.

That the following appointments of representatives from state elementary school principals associations be approved: Lezzett Schumann, Connecticut; Wilbur Zimmerman, Montana; Oran Caton, New Mexico; and Mrs. Anne Gordan, New York.

Constitution and Bylaws: That the provisions of the Department's Constitution and Bylaws relative to eligibility for membership be interpreted so as to count as active members those junior high school principals who are presently members of the Department.

Action was taken by the Executive Committee on a number of proposed amendments to the Constitution and Bylaws. The changes approved for submission at the business meeting are reported in full on p. 12.

Special Projects: That a letter from President Chenault be sent to NEA President Lyman Ginger expressing the Department's point of view relative to the proposed commission on instruction. This commission would help to identify implications for instructional programs stemming from new scientific and social developments and to coordinate the efforts of NEA units concerned with instruction. The Executive Committee agreed that these proposals should be subjected to a more thorough investigation in the light of present NEA efforts to accomplish these objectives. The Executive Committee expressed willingness for the Department to cooperate in whatever decision might be reached by those concerned.

That the Executive Secretary and President select a person to represent the Department on the Advisory Committee for the Development of Criteria of Succeess in School Administration being formed by Teachers College, Columbia University.

That newly elected Department officers be invited to attend the Executive Committee meeting held in the spring prior to their assumption of office in order to observe the Committee in action. Lodging and food expenses for this meeting, usually one day, would be paid by the Department.

Headquarters office: That the proposed salaries of Department employees be approved at one step under the classification and salary schedule approved for NEA employees.

That the Executive Secretary, Robert W. Eaves, be reappointed for a four-year term ending May 31, 1962. (Action taken by correspondence.)

That O. W. Kopp be appointed as Assistant Executive Secretary. (Action taken by correspondence.)

Finances: That the budget for 1957-58 be approved.

That the proposed budget for 1958-59 be approved as submitted. (See p. 45).

That the Executive Committee adopt the following procedure for planning the DESP budget: At the spring meeting of the Executive Committee held in connection with the Annual Meeting, the Executive Secretary shall present a proposed budget for the following fiscal year, beginning June 1. At the time the budget is presented, a report on the finances for the current year will

also be discussed. It is understood that all information concerning the Department's finances, including the savings fund and the permanent fund, shall be made available to members of the Executive Committee. Following a discussion of the proposed budget, the Executivee Committee shall take action on a tentative budget and recommend desired changes with the understanding that the budget will be reviewed at the fall meeting and adjustments made according to the plans of the Department.

That the auditor's report for the fiscal year 1956-57 be approved as presented. (See the 1957 Annual Report.)

Life membership certificate: That the life membership certificate be reworded at its next printing to omit the mention of the one-hundred dollar fee and include a more professional phraseology.

Executive committee certificate: That an appropriate certificate of service be awarded to retiring members of the Executive Committee.

Travel allowances: That the present policy statement pertaining to travel allowances for members of the Executive Committee, staff, and other persons traveling at Department expense be amended to provide a limit of $6.00 (rather than $5.00) per day for meals, and while traveling by train or coach airplane a limit of $7.00 (rather than $6.00.)

The Committee discussed a number of topics in addition to those covered by formal action and also received several reports. A summary of this phase of the Committee's activities follows.

President's report: President Chenault spoke briefly about the Department's progress and its many opportunities for service to the profession.

Staff reports: Various members of the staff reported on aspects of the Department's program, including the Executive Secretary's discussion of the Annual Meeting plans and the Department's financial status and the Editor's report on publications.

Discussions with other NEA personnel: Finis Engleman, Executive Secretary of the American Association of School Administrators, NEA, visited with the Executive Committee and expressed his interest in closer working relationships between the principal and the superintendent on matters of joint concern.

William G. Carr, Executive Secretary of the National Education Association, met with the Committee briefly and reported on the NEA legislative program for the school year 1957-58.

Preparation for the Principalship: George Hayward, Chairman of the Committee on Preparation for the Principalship and a member of the Executive Committee, and O. W. Kopp, Assistant Executive Secretary, summarized the work of the Preparation Committee.

Planning Committee: The Executive Secretary reviewed the work of the Planning Committee and the group's report was examined in discussing future plans of the Department.

Association for Student Teaching: The Executive Committee discussed an invitation from the University of Texas for the Department to become one of the sponsoring organizations of the Association of Student Teaching. It was decided that consideration would be given to this matter at a future meeting.

Bethel workshop: Plans for the leadership skills workshop to be cosponsored with the National Training Laboratories, NEA, were reviewed. The workshop will be held at Bethel, Maine, August 10-22. It was agreed that each president of a state elementary school principals association should be asked to name a few persons who might be invited to apply for membership.

Denver conference: The Executive Secretary reported on plans for the Department's Fifteenth Annual Summer Conference, cosponsored by the University of Denver.

Election

The procedures governing the election of persons to the Executive Committee are set forth in the Department's Constitution and Bylaws. Under its provisions, a Nominating Committee is appointed each year by the Executive Committee to select candidates for office. This slate is then voted upon by the members in a mail ballot and their votes are counted by an Election Committee.

Nominating Committee

The Nominating Committee for the 1957-58 election met in Washington, D. C., during September. In making their selection of candidates, the Committee considered: 1) the composition of the Executive Committee—geographic distribution, balance of men and women, and representation for areas of high DESP membership; and 2) personal qualifications—professional preparation and experience, activities in professional associations, and standing in local and state organizations. All recommendations from groups of elementary school principals and from individuals were given careful consideration.

The following slate was selected:

For President-elect:

A. Raymond Ebaugh, Royal Oak, Michigan
R. Melvin James, Portales, New Mexico

For Vice-president:

Martha Goodrich, Brattleboro, Vermont
Olive Lowry, Spokane, Washington

For Members-at-large: (two to be elected)

O. F. Brown, Louisville, Kentucky
James M. May, Tulsa, Oklahoma
Laurel M. Pennock, Rochester, Minnesota
Martin C. Tate, Phoenix, Arizona

Election Committee

Ballots for the election were mailed to all persons who were active members of the Department on January 1, 1958. The Election Committee, appointed by the President, was responsible for opening and counting the ballots and certifying the results at the 1958 business meeting. (See p. 12.) About 40 percent of those eligible voted.

The following persons were elected: *President-elect,* A. Raymond Ebaugh; *Vice-president,* Olive Lowry; *Members-at-large,* James M. May and Martin C. Tate.

Membership

During recent years, the Department of Elementary School Principals, NEA, has grown rapidly. As the report on the following page indicates, the last five years have seen the DESP increase its membership by some 47 percent. The services highlighted in this annual report have been stimulated and at the same time made possible by this growth.

State Representatives

The state representatives to the Department are elected or appointed by state associations of elementary school principals to serve as liaison persons between the states and the national Department. These people work closely with the headquarters office in soliciting DESP membership and facilitating the exchange of information between the national organization and elementary school principals within the states. The Department provides representatives with supplies for their work and is holding a special orientation conference for new representatives during the fall of 1958.

The following persons served as state representatives during the membership year 1957-58:

Alabama.....Dorothy K. Baggett
Arizona.....Martin C. Tate
Arkansas.....Juanita Prater
California.....Virgil Hollis
Colorado.....Manley H. Stevens
Connecticut.....Lezzett Schumann
Delaware.Lawrence M. Furbush, Jr.
District of Columbia..FrancesHaas
Florida.....Walter Reed
Georgia.....Gladys Darling
Idaho.....Harold O. Nelson
Illinois.....Margaret Mallach
Indiana.....Lloyd N. Blue
Iowa.....C. Freaman Reid
Kansas.....Frank Wilson
Kentucky.....O. F. Brown
Louisiana.....Mary Dolphin
Maine.....Edna S. Purdy
Maryland.....Anne W. Tennant
Massachusetts..Robert J. Newbury
Michigan.....A. Raymond Ebaugh
Minnesota.....Laurel M. Pennock
Mississippi.....Grace Lee
Missouri.....Wayne T. Snyder
Montana.....Wilbur Zimmerman
Nebraska.....Anne Christensen
Nevada..... None
New Hampshire.....Spiro Anastos
New Jersey....Roland R. Wildrick
New Mexico.....Orlan T. Caton
New York...Mrs. Anne W. Gordan
North Carolina...Grace Coppedge
A. H. Peeler
North Dakota....Vincent J. Dodge
Ohio.....Montgomery Will
Oklahoma.....George J. Hooper
Oregon.....Richard O. Garber
Pennsylvania..Dorothy P. Hartman
Rhode Island.....Marion B. Bray
South Carolina.....Gary Baker
J. Wilbur Walker
South Dakota.....Eva Walker
Tennessee.....Mrs. Elouise Fry
Texas.....Mrs. Opal Eversole
Utah.....Arch Sims
Vermont.....Harold D. Miller, Jr.
Virginia.....Audrey Snodgrass
Washington.....Susan M. Lacy
West Virginia.....Orlan C. Fowler
Wisconsin.....H. Thoburn Ralph
Wyoming.....Clifford C. Doscher
Hawaii.....Howard G. Nakashima

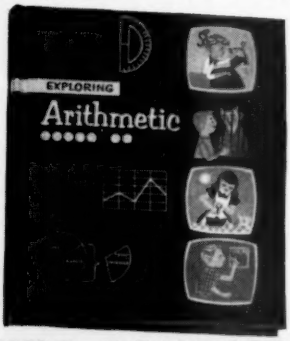
EXPLORING ARITHMETIC

A new program for grades 3-8

by Jesse Osborn, Adeline Riefling and Herbert F. Spitzer

EXPLORING ARITHMETIC helps boys and girls "reason out" arithmetic problems involved in true-to-life, childlike situations. Youngsters are made more receptive to arithmetic steps by a deeper understanding of the reasons behind the steps. They will actually find arithmetic has real meaning and is enjoyable.

EXPLORING ARITHMETIC has a comprehensive problem-solving program, spiral re-teaching program, thorough testing, plus good organization, orderly format, and simple writing. Write for an illustrated brochure or ask your Webster Representative for examination copies of this remarkable new program.



Teacher's Editions—complete and functional for each grade

Now! Even First Grades PLAY BALL SAFELY!

COSOM SAFE-T-PLAY PRODUCTS

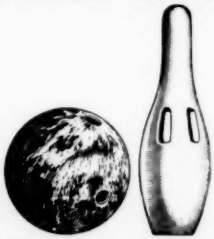
Cosom Safe-T-Play products take the danger out of playing ball even on crowded, congested playgrounds. Made of Polyethylene, they protect children.

The Cosom Matched Set of Safe-T-Ball and Bat of Polyethylene gives the smallest school child all the fun of baseball as played by older children. Its lightness develops correct form and promotes coordination.

A WORLD OF FUN Without Danger!

You can open a whole new, exciting world of fun for even the littlest school children . . and on to high school . . and never know a moment of fear of injuries, with Cosom Safe-T-Play products. Ask your dealer or write to factory for detailed descriptions and prices.

FUN BALL Softball size; unbreakable, waterproof Polyethylene.



BOWLITE, the Polyethylene, regulation bowling game.

SCOOP, the first new way to play ball in 50 years.

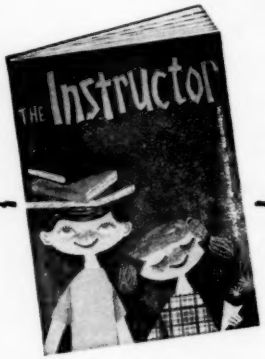
Frances Nungester, Principal, West Decatur School, Decatur, Alabama
C. Freaman Reid, Principal, Irving School, Dubuque, Iowa

YEARBOOK COMMITTEE

Gertrude G. Howard, Principal, Highland School, Inglewood, California
Lawson J. Brown, Principal, Verner School, Tuscaloosa, Alabama
Luise Reszke, Principal, North Avondale School, Cincinnati, Ohio

The president of the Department is, ex officio, a member of all committees except the Nominating Committee

INCREASE THE INSTRUCTIONAL LEVEL OF YOUR SCHOOL WITH THE Instructor



It's easy to do . . . by providing each of your teachers with her own copy of The INSTRUCTOR every month.

Principals and supervisors find that use of The INSTRUCTOR throughout the school results in enriched teaching and better classroom learning experiences. And using The INSTRUCTOR benefits teachers and administrators alike.

Supervisors can recommend art projects for the noncreative teacher . . . classrooms with little or no science can introduce a complete science program . . . teachers can refer to specific articles and departments for common discussion in teachers' meetings or workshops.

The INSTRUCTOR is a time-saver for both experienced and substitute teachers. Each month it supplies new, classroom-tested teaching materials for daily use. Its editorial features promote professional growth, stimulate fresh thinking, and serve as an in-service refresher course.

This exclusive monthly service is inexpensive. You can save up to 30% on the cost of each magazine when you order for your staff. Here is instructional aid for each of your teachers for a little more than 14¢ per pupil per year.

SCHOOL SERVICE RATES

Here are the School Service Rates for one year. All copies ordered will be shipped in one package to one address, ready for distribution.

2 copies	**$5.50 each**	**6 or 7 copies**	**$4.75 each**
3 copies	**$5.25 each**	**8 to 10 copies**	**$4.50 each**
4 or 5 copies	**$5.00 each**	**11 to 15 copies**	**$4.25 each**

For rates on larger quantities, write The INSTRUCTOR, Dept. JB, Dansville, N. Y.
